

Plug In to Green Power!

Become a Green Lights customer
and support renewable energy
in the Northwest.

Give renewable energy the Green Light

We've teamed up with the nonprofit Bonneville Environmental Foundation to create **Green Lights**.

It's a program that generates wind, solar and other forms of clean, renewable power in our region to displace environmentally harmful power sources.

The program is simple. Each 100 kWh block of **Green Lights** costs \$1. Based on the percentage you buy, the cost is simply added to your electric bill each month. Contributions from all Clark Public Utilities **Green Lights** customers collectively fund the development of new, natural and non-polluting energy resources.

Helping the earth is easy and affordable

Each block of **Green Lights** power costs \$1 and offsets 100 kWh of energy use. If you buy one block, you'll pay \$1 and offset the environmental impact of about 10% of your energy use each month.

If your monthly electricity use is 1,000 kWh, participating in Green Lights at 100% is only \$10 per month.

If monthly electricity usage = 1,000 kWh

Participation Level	10%	30%	50%	100%
Green Lights Blocks	1	3	5	10
Green Lights Cost @ \$1 each	\$1	\$3	\$5	\$10

HeLa High School solar array - innovative installation generates renewable energy and provides shade

Making a difference locally

A portion of **Green Lights** purchases are devoted to projects right here in Clark County, including solar installations on local schools and businesses. Project sites include:

- HeLa and Heritage High Schools
- Columbia River and Camas High Schools
- Sacajawea Elementary School
- City of Vancouver Water Resources Education Center

For as little as \$1 a month, you can support the development of clean, earth-friendly electricity through Clark Public Utilities' **Green Lights** program.

Participation is voluntary and flexible

Start with as little or as much as you want. There's no time commitment and you can choose to stop your contribution at any time.

Green Lights participation appears monthly on your regular electric bill as a separate contribution, based on your individual investment in **Green Lights**.

Sign me up for Green Lights!

Fill out this form and mail to:

Clark Public Utilities

PO Box 8900, Vancouver, WA 98668

Sign up online at clarkpublicutilities.com or call 360-992-3000 to be enrolled over the phone.

Name _____

Address _____

City _____ State _____ Zip _____

Phone _____

Utility account number _____

Choose your level of participation:

House using 1,000 kWh per month Participation level

Add \$1.00 to my monthly bill10%

Add \$3.00 to my monthly bill30%

Add \$5.00 to my monthly bill50%

Add \$10 to my monthly bill100%

Other: Add _____ to my monthly bill (increments of \$1.00 for each 100 kWh block)

I understand that the choice I have authorized will be added to each of my future Clark Public Utilities monthly bills to support the development of clean, renewable energy resources in the Northwest. I understand that I can cancel my participation at any time by contacting Clark Public Utilities.
