## Net Metering Interconnection Application & Agreement

### 100 kW or less

<b>Customer Information</b>			
Name: _____			
Contact Person: _____			
CPU Account Number: _____		(xxx-xxx-x)	
Address: _____			
City: _____		State: _____	Zip: _____
Telephone: _____		Cell: _____	
E-Mail Address: _____			
<b>Installer Information</b>			
Company Name: _____		"same" if customer	
Contact Person: _____			
Address: _____			
City: _____		State: _____	Zip: _____
Telephone: _____		Cell: _____	
E-Mail Address: _____			
Tax Exempt:    Y    N	Reseller Permit #: _____		
* Please include a copy of the Reseller Permit			
<b>Generation Facility Information</b>			
Owner of the Facility:	Customer: _____	Other: _____	
Note: Currently 3rd Party Owners do not qualify for net metering or the WA State Renewable Energy Production Incentive.			
Location (if different from above): _____			
Type of Generator:	Photovoltaic _____	Wind Turbine _____	Other: _____
Phases:	Single-Phase _____	Three-Phase _____	
System Generating Capacity (KW): _____	Voltage: _____	Battery Backup?    Y    N	
Estimated Install Date: _____	Electrical permit number: _____		
<b>Solar</b>			
Panel Manufacturer: _____		Model #: _____	
Panel Rating (watts): _____	Quantity: _____	Total Watts: _____	
Inverter Manufacturer: _____		Model Number: _____	
Inverter Rating (watts): _____	Quantity: _____	Total Watts: _____	
Is equipment UL1741 Listed:    Y    N	*Attach manufacturer's cut-sheet showing listing.		
<b>Wind Turbine / Other</b>			
Generator Manufacturer: _____		Model #: _____	
Generator Rating (watts): _____	Quantity: _____	Total Watts: _____	
Inverter Manufacturer: _____		Model #: _____	
Inverter Rating (watts): _____	Quantity: _____	Total Watts: _____	
Is equipment UL1741 Listed:    Y    N	*Attach manufacturer's cut-sheet showing listing.		

**Fees**

**Note: Fees are due in advance and an approved electrical inspection is required before the customer's Generator Facility can be connected to the Utility System and begin production.**

**Application Fee** (Include payment with application - non-refundable)

\$100 for systems sized 1 to 25 kW

\$500 for Systems sized 26 to 100 kW

**Production Meter**

Single phase, 240v & below: \$250 (plus tax)

Three phase meter: \$550 (plus tax)

Single phase, over 240v: \$550 (plus tax)

\* Additional fees will apply where normal utility access can't be provided

**Application Submittals Checklist:**

- Completed and signed Interconnection Application
- One-line electrical diagram
- Site plan with proposed meter location(s)
- Manufacturer equipment cut sheets
- Submit payment for both Application Fee and Production Meter

**Customer Signature**

I understand that my participation in the utility's Net Metering Program is subject to the Customer Generation Interconnection Standards and Terms of Service policies adopted by the utility's Board of Commissioners on February 7, 2017, under Resolution No. 7336. I acknowledge that I have reviewed these policies before signing this agreement. I agree to be bound by the terms and condition outlined in the Interconnection Standards and Terms of Service, including, but not limited to, the obligation to indemnify the utility against losses attributed to my participation in this program.
