

Clark Public Utilities
Net Metering Interconnection Application & Agreement
100 kW or Less

Customer Information			
Name: _____			
Contact Person: _____			
CPU Account Number: _____			(XXXX-XXX-X)
Address: _____			
City: _____		State: _____	Zip: _____
Phone: _____		Cell: _____	
E-Mail Address: _____			
Installer Information			
Company Name: _____			<i>"same" if customer</i>
Contact Person: _____			
Address: _____			
City: _____		State: _____	Zip: _____
Phone: _____		Cell: _____	
E-Mail Address: _____			
Tax Exempt: <input type="checkbox"/> Yes <input type="checkbox"/> No		Reseller Permit #: _____	
<i>*Please include a copy of the Reseller Permit</i>			
Generation Facility Information			
Owner of the Facility: <input type="checkbox"/> Customer <input type="checkbox"/> Other: _____			
Note: Current 3 rd Party Owners do not qualify for net metering or the WA State Renewable Energy Production Incentive			
Location (if different from above): _____			
Type of Generator: <input type="checkbox"/> Photovoltaic <input type="checkbox"/> Wind Turbine <input type="checkbox"/> Battery Only			
<input type="checkbox"/> Other: _____			
Phases: <input type="checkbox"/> Single-Phase <input type="checkbox"/> Three-Phase			
System Generating Capacity (kW): _____		Voltage: _____	Battery Backup? <input type="checkbox"/> Y <input type="checkbox"/> N
Estimated Install Date: _____		Electrical Permit #: _____	
<u>Inverter (for all generation types)</u>			
Inverter Manufacturer: _____		Model #: _____	
Inverter Rating (kW): _____		Quantity: _____	Total kW: _____
Is Equipment UL 1741 Listed? <input type="checkbox"/> Y <input type="checkbox"/> N			
<i>*Attach manufacturer's cut-sheet showing listing</i>			
<u>Solar</u>			
Panel Manufacturer: _____		Model #: _____	
Panel Rating (kW): _____		Quantity: _____	Total kW: _____
<i>*Attach manufacturer's cut-sheet showing listing</i>			
<u>Wind Turbine / Other</u>			
Generator Manufacturer: _____		Model #: _____	
Generator Rating (kW): _____		Quantity: _____	Total kW: _____
<i>*Attach manufacturer's cut-sheet showing listing</i>			
<u>Battery Only / Battery Backup</u>			
Battery Manufacturer: _____		Model #: _____	
Battery Rating (kW): _____		Quantity: _____	Total kW: _____
Battery Rating (kW-hrs): _____		Quantity: _____	Total kW-hrs: _____
Type: <input type="checkbox"/> Lead Acid <input type="checkbox"/> Lithium Ion <input type="checkbox"/> Other: _____			
<input type="checkbox"/> For Uninterruptable Power Supply Only (UPS)		<input type="checkbox"/> For use with Renewable Generation	
<i>*Attach manufacturer's cut-sheet showing listing</i>			
Total System Cost: _____			

Fees

Note: Fees are due in advance and an approved electrical inspection is required before the customer's Generator Facility can be connected to the Utility System and begin production.

Application Fee (including payment with application – non-refundable)

- \$100 for systems sized 1 to 25 kW
- \$500 for systems sized 26 to 100 kW

Production Meter

- Single phase, 240v & below: \$250 (plus tax)
- Three phase meter: \$550 (plus tax)
- Single phase, over 240v: \$550 (plus tax)

*Additional fees will apply where normal utility access can't be provided

Application Submittals Checklist:

- Completed and signed Interconnection Application
- One-line electrical diagram
- Site plan with proposed meter location(s)
- Manufacturer equipment cut sheets
- Submit payment for both Application Fee and Production Fee

Customer Signature

I hereby certify that to the best of my knowledge, the information provided in this Application is true and correct. I also understand that my participation in the utility's Net Metering Program is subject to the Customer Generation Interconnection Standards and Terms of Service policies adopted by the utility's Board of Commissioners on February 7, 2017, under Resolution No. 7336. I acknowledge that I have reviewed these policies before signing this agreement. By my signature below, I hereby agree to be bound by the terms and condition outlined in the Interconnection Standards and Terms of Service, including, but not limited to, the obligation to indemnify the utility against losses attributed to my participation in this program.

Signed: _____ Date: _____

Print: _____

Title: _____

Email application to: netmetering@clarkpud.com

Mail application to: Clark Public Utilities
Attn: Energy Resources, Customer Generation
P.O. Box 8900
Vancouver, WA 98668

(For Utility Use Only)

Utility Contingent Approval

Interconnection of the Generating Facility is approved contingent upon the Terms and Conditions for Interconnecting a Generating Facility no larger than 100 kW and an approved electrical inspection from the appropriate jurisdiction.
