The block threshold will vary dependent upon the number of days in the billing cycle.  
For example:

A 63 day bill cycle for a schedule 051 customer is calculated as follows:

- 63 days X 60 cu ft/day = 3,780 cu ft - Block 1
- 63 days x 120 cu ft/day = 7,560 cu ft - Block 2
- 63 days > 7,560 - Block 3

A 60 day bill cycle for a schedule 051 customer is calculated as follows:

- 60 days X 60 cu ft/day = 3,600 cu ft - Block 1
- 60 days x 120 cu ft/day = 7,200 cu ft - Block 2
- 60 days > 7,200 - Block 3
