

HEAT PUMP WATER HEATER FORM

All sections must be filled out by the installer at the time of installation. A copy of this completed form, the purchase receipt or invoice that includes purchase date, and the manufacturer's Installation Checklist (if applicable) must be submitted to Clark Public Utilities in accordance with utility policy. A model's qualification is determined based on the assigned tier at date of purchase.

<input type="checkbox"/> Condensate line drains at a slope to a drain or exterior location	<input type="checkbox"/> Temperature and Pressure relief valve is properly installed and not plugged

Required Customer and Technician Signatures. Both homeowner and installer signatures are required. If installed by the homeowner, the homeowner must also complete and sign the installer section below. Manufacturer training (in-person or online video if available) is required of non-contractors (homeowner self-installed) and contractors. The training information fields below are required in order to process rebate packets for heat pump water heaters that have training available from the manufacturer.

ENERGY INFORMATION RELEASE: The undersigned utility customer requests and authorizes the specified utility to release billing and usage information for the account listed below to the HPWH program. With this authorization, the HPWH program can request billing information for up to two years pre-installation and two years post-installation. The utility customer also hereby releases the utility company from any and all liability arising from or connected with providing this information.

A copy of the purchase receipt or installer's invoice is included with this application.

A completed copy of the manufacturer's Installation Checklist is included with this application.
