Nursery Guide 2023

Landscape Showcase

Lose yourself among breathtaking displays created by the region's most talented landscape designers. Landscapers participating in the 2023 show transform empty space into an awe-inspiring showcase that combines natural beauty with the best of outdoor living.

JM LANDSCAPING & IRRIGATION Backyard Escape

Step into this display and be transported into a backyard garden escape. The sounds of the two bubbling water features, plus the cool colors of hardscapes and warm greens of the surrounding plants will be the perfect way to finish any day.

PARS LANDSCAPE, INC. Serenity

Indulge in the vision of a backyard oasis built for quiet recreation and relaxation. This garden design features a putting green surrounded by two water features, and numerous lush plants and evergreen trees. This design emphasizes fun and low-maintenance, making it ideal for entertaining guests and hosting low-key summer get-togethers.

SHOVEL & THUMB Yin and Yang

The principle of Yin and Yang is one of inseparable and contradictory opposites that attract, complement and balance each other. With this concept in mind, this contemplation garden embraces two styles of landscape design—one organic with natural stone and the other that is contemporary with clean lines and right angles.

VULCAN DESIGN & CONSTRUCTION *Functional Urban Oasis*

One step in this garden will open your mind to the all the functionality and tranquility that can be found in a space of any size. Whether big or small, the perfect backyard can provide protection from the elements, multi-season use and enhance your quality of life—all with low maintenance.

CALL BEFORE YOU DIG

State Law requires that customers call the Underground Utilities Locating Service at least two full business days (48 hours) before trenching or excavating. One call to the locating service notifies all utilities that locates have been requested. Underground electric distribution and service lines owned and maintained by Clark Public Utilities will be located. This service is free of charge.

NOTE:

Any digging within 24 inches of location marks must be done by hand.

Call 811 or 1-800-424-5555

at least two working days before you plan to dig.

The WSU Extension Master Gardener Program trains volunteers to be effective community educators in gardening and environmental stewardship.

The Master Gardener Foundation of Clark County raises funds to support the Master Gardener Program and other organizations that provide horticulture education throughout Clark County.
