## Electrical Order Form

### Event

Home & Garden Idea Fair 2024

### Venue

Clark County Event Center

### Dates

4/27/24 - 4/28/24

Hollywood Lights, Inc. is pleased to be the electrical provider for your upcoming event. Please look over the contents of this page prior to placing your power order to ensure you understand our guidelines and order processes.

### Pre-Order Pricing

Hollywood Lights, Inc. offers special discount pricing that is applied to your order if submitted on or before the date specified in your vendor packet. Please be sure to submit your order before this date in order to take advantage of the discount. Pre-order pricing will not be honored under any circumstances for orders placed after the deadline.

### 24-Hour Power

Your service will be energized daily from one hour prior to show opening, to 15 minutes after show closing. You may purchase 24-hour service at an additional cost if you have items that need to remain powered, such as refrigerators or freezers.

Electrical Order

Input the quantity you need of each item in the boxes below.

120 Volt Duplex Receptacle

	0-600 Watts / 5 Amps - \$99.60
	601-1200 Watts / 10 Amps - \$126.00
	1201-1800 Watts / 15 Amps - \$152.40
	1801-2400 Watts / 20 Amps - \$178.80
	2401-3600 Watts / 30 Amps - \$265.00

TIPS

The most commonly ordered item is the **120 Volt, 0-600 Watts, 5-Amp Outlet**. This will cover small items, such as laptops, monitors and simple lighting.

You can determine if you will need more than this by adding up either the WATTAGE or the AMPERAGE of ALL the items that you need to plug in.

*Then, order the outlet(s) that will provide the capacity you need.*

*The Wattage or Amperage can typically be found on the nameplate or on the plug of the item.*

### 208 Volt Single Phase

☐ 0-15 Amp 208 Volt (Single Phase) - \$300.00

☐ 16-30 Amp 208 Volt (Single Phase) - \$300.00

## Terms and Conditions

**Please read the following terms and conditions carefully before proceeding to the checkout page.**

Please note that credit will not be given for service installed as requested in this order even though not used.

Exhibitors are not allowed to share power.

Outlets are located at the back center of each 10' x 10' booth space. Booths measuring 10' x 20' or larger must order an outlet for each 10' x 10' section if electrical service is required for each.

Bulk space and large oversized booth electrical information should be mapped out on drawings to indicate location of outlets. Labor charges apply to these booths.

All electrical equipment must comply with Federal, State and local Codes. Hollywood Lights, Inc. is required to refuse connection where the exhibitor wiring is not in accordance with electrical codes. Technicians will not connect any exhibit that does not meet the electrical code. Hollywood Lights, Inc. is not responsible for problems arising from unlabeled, mislabeled and the use of non-standard wiring practices on equipment.

By submitting my order for power/electrical for my booth space, I understand that there may be delays and/or additional costs incurred if I order inadequate power or if I order incorrectly based on what I am powering in my booth.
