

UTILITY IMPROVEMENT PROJECT IN YOUR AREA

What:

In the coming weeks you may see Clark Public Utilities and utility contractor crews working in your area. We know this work can be disruptive and we do our best to minimize traffic or other impacts. As always, we'll notify you in advance of any planned system downtime via a phone call or a note on your door. Thanks for your patience as we work near your home!

Why:

These projects help us maintain reliable service to homes and businesses and improve the safety and longevity of our systems. Proactively replacing aging utility equipment, performing preventative maintenance and implementing system improvements are all part of how Clark Public Utilities works to ensure reliable and resilient systems .

A SAFETY NOTE:

Clark Public Utilities employees and our contractors will always present ID upon request to verify their identity. They will never ask you for personal information or ask to enter your home. If you believe someone is impersonating a utility employee, close the door and call us 24 hours a day, 7 days a week at 360-992-3000.
